In our next issue (November) of BIRDFINDING IN CANADA, we'll include another reporting form for personal statistics. Anyone who has not updated their numbers since April of 1983 will be dropped the next time we publish life lists on the assumption they did not wish to continue reporting.

Also with the next edition will be a ballot for voting on "most-wanted" birds which means "wanted for your life Canada list." This has proved to be quite an interesting survey and has been a great help to us in selecting subjects on which informative articles can be written.

In the next issue we'll also review ATPAT lists (all Territories and Provinces Added Together) so anyone wishing to update these numbers should have new figures in our hands by Sept. 25/83.
